

**Surfaces 3D** is a collection of three-dimensional aluminium surfaces dedicated to architectural and interior design applications.

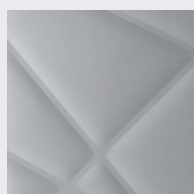

Lightness, versatility and surface resistance of aluminium make surfaces 3D ideal for wall and ceiling coverings and interior decorations.

#### STRIPES

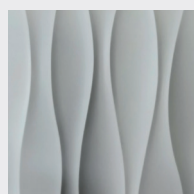

**Sheets**  
1145x2500 mm

#### CROSS

**Sheets**  
1150x2500 mm

#### DUNE

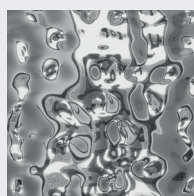

**Sheets**  
560x1240 mm

#### DIAMOND

**Sheets**  
1000x2000 mm

#### WAVY

**Sheets**  
1250x2500 mm

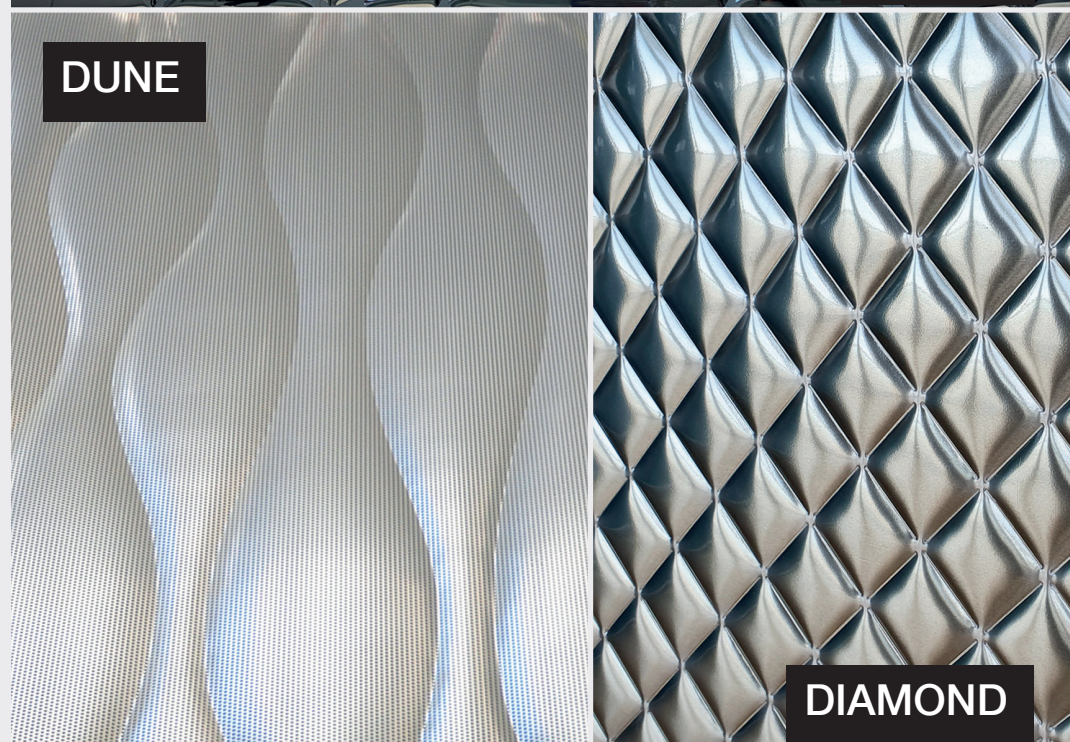

**Thickness**  
0.5 - 3 mm

**MOQ**  
50 m<sup>2</sup>

The continuous surface anodizing provides long-lasting, invisible protection against corrosion and scratches while improving aesthetic properties.
